Parent Educator Program

**Central Consolidated
Schools District #22**

CCSD Parents As Teachers

“All Children will learn, grow and develop to realize their full potential.”

Mission

“To provide appropriate information, support, and encouragement parents need to help their child develop optimally during the crucial first five years of life.”

Who Is welcome to enroll?

All families with children ages prenatal up to 5 years old who live within the Central Consolidated School District will be able to qualify for either, Program 1 or Program 2.

*Program 1: Personal Visits

Parents as Teachers provides services and support through home visits for prenatal parents and families of children birth to 60 months, who have or who are at risk for developmental delays or disabilities. During this time, a Parent Educator will guide parents to understand their child’s developments and help prepare them for Preschool/ Kindergarten.

*Program 2: Family Connections

The meetings are weekly for all families with children ages 0 months to 5 years old. The family connection consists of playtime, lunch, story time and ending with a parent-child activity.

*Screenings

Monthly screenings for children ages 1 month up to 5 years old using the Ages and Stages screening tool.

*Resource Network

Families needing information on any resources in the community will be referred or introduced.

For more information, contact a Parent Educator in your home area.
