QUESTIONS:

1. Are there any technical specifications that go along with this, or is this just a maintenance agreement quote for the existing system that is already in place?

ANSWER: This bid is for monitoring existing fire alarm and security systems and maintenance of telephone, intercom, fire alarm, and security systems as needed. Any new installations would be based on unit pricing and equipment markup. There are no plans or specifications for new installations at this time.

2. Will an equipment list be provided for each building for the existing Telephone, Fire Alarm, Intercom, PA and Security Systems?

ANSWER: No

3. Will drawings with required device locations be provided for any buildings that require new Telephone, Fire Alarm, Intercom, PA and Security Systems?

ANSWER: Yes. Any upgrades or new construction will require an architect's drawing.
